

A close-up, high-resolution photograph of a woman's face, focusing on her right eye and the surrounding skin. The skin has a warm, golden-brown tone and a visible, fine-grained texture. Her eye is a light brown color with long, dark eyelashes. Her lips are slightly parted, showing a glossy, reddish-pink lipstick. The lighting is soft and directional, coming from the upper right, which creates a gentle highlight on her cheek and under her eye, emphasizing the skin's texture.
